Professional Summary

Creative and detail-oriented UI/UX designer, passionate about crafting intuitive digital experiences. Skilled in UX Research, wireframing, prototyping, responsive design for both web and mobile platforms. Designed projects across travel, shipping, and utility domains, with a focus on usability, scalability, and seamless collaboration with developers.

Skills

- UX Skills:** UX Research, User Flow, Information Architecture, Interaction Design, Design Thinking, Usability Testing.
- UI Skills:** Wireframing and Prototyping, Responsive Design, Visual Design, Design System, Figma.
- Other Skills:** Creative Thinking, Problem Solving, Communication, Collaboration with Developers.

Experience

UIUX Design Intern

Mverse Technologies | Dec 2024 - Mar 2025

- Designed user-friendly dashboards and mobile screens for clients in logistics.
- Conducted user research, created personas, and developed wireframes and high-fidelity mockups in Figma.
- Collaborated with developers to ensure pixel-perfect implementation and consistent design handoff.

Programmer Analyst

Cognizant | Dec 2022 - Mar 2024

- Worked in Cognizant as SAP Security Consultant for industry leading pharma client MERCK and ORGANON.

Projects

AI Based Travel App

- Created an AI powered app that recommends travel itineraries based on user preferences. Designed the flow from destination search to hotel selection with interactive UI components.

Shipping Dashboard

- Designed a logistics dashboard for tracking container shipments and ports. Focused on data clarity, real-time updates, and filters for efficient user navigation.
