EXPERIENCE

PHOENIX-GROUP | SOFTWARE DEVELOPER INTERN

Nov 2024 – May 2025 | Pune

- Working as a Software Developer Intern at Xcaliber Infotech – Phoenix Group of Company, with hands-on experience in full-stack development.
- Developing efficient backend solutions using Python frameworks (Django) to support scalable and maintainable systems
- Collaborating with teams to build and optimize user interfaces using modern frontend technologies.
- Contributing to end-to-end development by integrating backend logic with dynamic, responsive frontend components.

PROJECTS

AUDIOGROOVE | AI BASED MUSIC GENERATION(GEN AI)

- Developed AudioGroove, an AI-powered music generation and visualization platform aimed at democratizing music composition for users of all skill levels.
- Utilized GAN (Generative Adversarial Networks) and LSTM (Long Short-Term Memory) models to create high-quality, genre-specific musical outputs.
- Achieved an 84 user satisfaction rating, reflecting the platform's usability, innovation, and effectiveness in music generation.

AUTOMATE 360 | ALL IN ONE TESTING TOOL

- Developed a full-stack web-based automation tool using Django, handling end-to-end technical implementation.
- Implemented RSA encryption and decryption to secure sensitive user data during transmission and storage, ensuring confidentiality and integrity.
- Designed and built ETL (Extract, Transform, Load) pipelines and file-to-table functionality for efficient data processing.
- Contributed to both backend and frontend development, including database modeling, API integration with FastAPI, and creating a responsive UI using HTML, CSS, and JavaScript.
- Ensured scalability, security, and efficiency, following best practices throughout the project lifecycle.

ACHIEVEMENTS

- Successfully obtaining copyright, the project Audiogroove- Artificial Intelligence based Music Generation
- Paper Publish(IEEE) Successfully published review paper on IEEE platform.
- Successfully completed Full Ethical Hacking Course in this course I learned various types of attacks and how to prevent from this

EDUCATION

SAVITRIBAI PHULE PUNE UNIVERSITY

BACHELOR OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

May 2024

Cum. GPA: 7.8 / 10.0

SKILLS

PROGRAMMING

- Python
- SQL

TOOLS

- Power BI
- Figma
- GitLab

TECHNOLOGY

- Git/Github
- Web Development(Django)
- Machine Learning
- Data Science

COURSEWORK

- Cyber Security
- Data Science
- Machine Learning
- Artificial Neural Network
- Web Development

SOFT SKILLS

- Leadership
- Adaptability

LANGUAGE

- English
- Hindi
- Marathi

EXTRA CURRICULAR

ACTIVITIES

- Secure second position in quiz competition in Youth fest selected for University competition
- Participate in Anchoring and open mics
